To Whom This May Concern,

I am writing this letter to recommend Atalie Hass, whom I have known and worked with for a year and a half, for the position of Production Assistant.

My name is Andy Costa, Emmy Award Winner, Director and Professor at Transformation Film Institute. I have had the pleasure of working on multiple film projects with Atalie during and after her completion of the TFI Fast Track Professional course. Atalie has demonstrated exceptional leadership skills, problem solving abilities and a cool headedness when addressing the many stresses and unforeseen circumstances that present themselves on set.

Atalie's skills are multifaceted and reach beyond any single department. She demonstrates an intense interest and dedication to learning and understanding the needs of every department and step of the filmmaking process. During her first semester, Atalie acted as assistant set designer and AD in turn, on a student short film. By the end of the program she was assisting in organizing the shoot from beginning to end in the capacity of Director. I have been impressed with Atalie's dedication, and creativity in problem solving. No task is too menial for her, whether helping to carry equipment, or quickly fixing a wardrobe or set malfunction, she is always ready to lend a helping hand to quickly and effectively resolve setbacks and keep production running smoothly.

I strongly recommend Atalie for the position of Production Assistant and believe she would make an excellent addition to your production crew with her dedication, motivation and creativity.
